

IEP/504 Accommodation Implementation Checklist

Use fictional examples. Leave out diagnoses, medical information, names, passwords and contact details.

Learning goal: Plan implementation of existing authorized accommodations.

An agreed support is written in a plan but missing in a lesson. Use the official plan privately; confirm provision, responsible staff, timing and a review process. Use a fictional or de-identified example here; the learner controls what to share.

1. Use a fictional example or discuss the situation without identifying a child.
2. Complete each planning section with the learner's choices at the center.
3. Select one feasible change, who will provide it and when you will check it.
4. Keep any completed paper privately; do not use it to diagnose, rank or label a learner.

Grades 3–5 support: Use the prompts and examples, or explain your ideas in your own way. Ask for words, a scribe or one direction at a time.

Understand the goal and access
